Mentoring Requirements

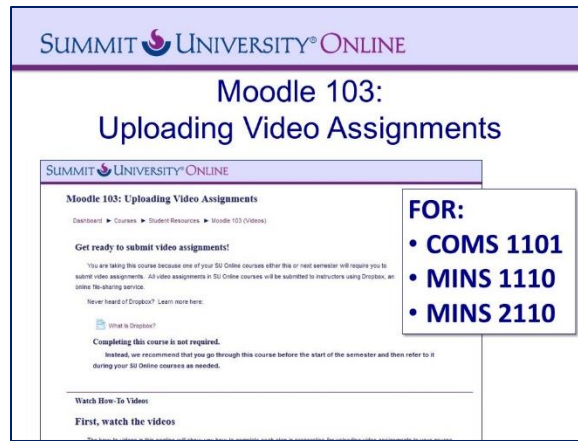

- MSC-B students can register for MINS 1000 after completing 6 program credits
- MTC-B students can register for MINS 2000 after completing 9 program credits

Some programs require students to be mentored for a semester by an ordained minister in Church Universal and Triumphant. Students in these programs can fulfill this requirement by taking the MINS mentoring course for their program (MINS 1000 or MINS 2000) during the semester of their choosing once they have fulfilled the prerequisite credit hours. MSC-B students are eligible to take MINS 1000 after completing 6 program credits. MTC-B students can take MINS 2000 after completing 9 program credits.

Counseling and Counseling Requirements

- Both MSC-B and MTC-B programs have a counseling requirement
 - MSC-B: 5 professional counseling sessions
 - MTC-B: 10 professional counseling sessions
- For a list of recommended counselors, contact: registrar@SummitUniversity.org

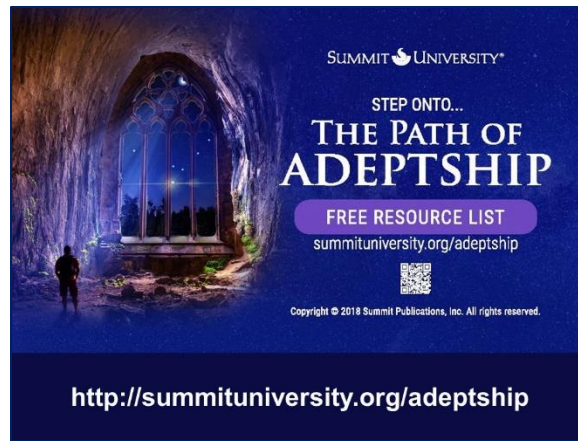

Both the MSC-B program and the Level 2 MTC-B program require counseling hours with a licensed psychological counselor/therapist. The MSC-B program requires a minimum of 5 professional counseling sessions and the MTC-B program requires a minimum of 10 sessions (in addition to the sessions taken for the MSC-B program). To avoid a conflict of interest while in either program, students are requested to not counsel with fellow SU students. Students may deduct sessions taken in the past 3 years. **For a list of recommended counselors, please contact the SU Registrar, Karen Brewer, at registrar@SummitUniversity.org.** These counselors are also available for personal counseling.

During your time at Summit University's School of Theology, you will most likely be required to take a class that involves creating and uploading a video assignment. We've created Moodle 103: Uploading Video Assignments to help you with the video assignment submission process. **For students taking COMS 1101 Public Speaking and MINS 1110 and MINS 2110 Homiletics 1 and 2, this is the tutorial for you.** Moodle 103 appears under your class list once you sign up for any of these three classes. Plan on completing Moodle 103 before you start your class. You'll be a pro at uploading video assignments once you practice and follow the Moodle 103 instructions!
